"For over six years, RMH Marketing was instrumental in playing a significant part in the success of Texan Bank (sold in 2022). When first meeting Regay, I noticed immediately that she was not just another vendor. She and her team really took the time to drill down and understand our business and culture. With their years of experience, market awareness and thorough understanding of all marketing tools, RMH created positive results for the bank with a marketing plan using print, digital and radio. Though I was a little reluctant spending funds on these various tools, I'm glad we did. I believe they played an important part in helping double our market share throughout Houston. I strongly recommend engaging RMH Marketing, and let them assist in creating value for your company."
